

## Service Requirements for St. Patrick School Parents

On the advice of the St. Patrick School Board and Parents Association, St. Patrick School has set a policy requirement that school parents volunteer service for at least two functions in the course of the academic year.

- Recording of this service will be kept and reported to Administration.
- This policy is consistent with our long standing “informal” encouragement that every family work one event and “attend” another event (every year).
- Faithfulness to this requirement will be a factor taken into consideration should a family at anytime seek future special accommodations (e.g. late registration, financial assistance, exemptions or accommodations to other policies, etc.)

Given the longstanding history of parental generosity on the part of all our families, we believe this more formal service policy ought not prove burdensome to anyone.

List of qualifying Parents Association events:

Welcome Back Party	September
Halloween Festival	October
Christmas Boutique	December
Santa Brunch	December
